- \*Tucker (Great Horned Owl)

*These dollar amounts represent a fraction of the critter's actual upkeep. More than one sponsorship*

\* This critter may not be on public exhibit, but participates in wildlife shows, school visits, and other educational programs.

The Discovery Science & Space Center is a community based not-for-profit museum organization serving the greater Sacramento area. We offer rotating hands-on science exhibits, planetarium shows, archaeology dig programs, and outreach programs to take science into schools. We are also home to the Challenger Learning Center, one of only 5 centers in California, and the most visited.

The Discovery Museum Science & Space Center is a private organization supported by donations, grants, and dedicated volunteers. We **thank you** for your sponsorship, and for helping us continue to provide our animals with the high quality of care they deserve.

Milo, the Western Screech Owl, enjoys meeting visitors in the Animal Discovery Hall, and at wildlife presentations.

**You can help provide care  
for our animal friends!**

# SPONSOR A CRITTER PROGRAM

The Discovery Museum Science & Space Center invites you to participate in our critter sponsorship program to help provide for the needs of our animal residents.

The Discovery Museum facility is a sanctuary for these animals. Whether they are a native or non-native species, they are all considered non-releasable into the wild for various reasons.

The Discovery Museum cares for more animals than we have room for in the Animal Discovery Hall. Some of our animals who star in educational programs live in enclosures that are not part of the exhibit area. (Many of our critters also get to enjoy playtime off-exhibit in special outdoor enclosures.)

By becoming a sponsor, you will help us provide high quality nutrition, supplements, licenses, medications, regular veterinary check-ups, and all the other supplies necessary to provide each of our animals with a safe and healthy environment.

Individuals, families, and groups are invited to participate in the Sponsor A Critter program. Also, a critter sponsorship makes a thoughtful gift for any critter-lover on a special occasion.

## WHAT YOU WILL RECEIVE:

- Certificate of Sponsorship with a photo of your sponsored critter (valid for 1 year)
- Info sheet about the critter
- Your name on the "Sponsored By" sign on your chosen critter's enclosure (There is a special sign in the Animal Discovery Hall for sponsors of critters not on current exhibit.)
- Satisfaction knowing you are helping to care for a VERY special critter.

Tucker, the Great Horned Owl, greets visitors during a weekend wildlife program at the museum.
